

imagine if...

...you could work anywhere and 'anyway'

A modern workplace is emerging
Teamwork without boundaries united
with the ultimate teaming device

Meet the Surface Hub 2

Enable teamwork anywhere with new Surface Hub 2S, an all-in-one digital whiteboard, meetings platform, and collaborative computing device that brings the power of Windows 10 to teamwork.

The new Surface Hub 2S collaborative PCs come with a 4k moveable camera as well as an interactive Pen. In addition, Carillion Communications will offer specially designed stands and wall mounts as well as an APC-designed battery in the near future.

One of the key differences between the Surface Hub 2S and its predecessors is the fact that its compute hardware is no longer built-in, but comes inside an upgradeable cartridge. For example, next year Microsoft plans to release its Surface Hub 2X processor cartridge offering higher GPU performance along with a set of new software capabilities.

A quick technical overview

- Sleek, slim design with the thinnest edge and bezel in its class
- A brilliant 4K+ screen, 4K camera, and enhanced speakers and mics

- Fully integrated Windows 10 device—natively run must have Microsoft and third-party apps
- Experience mobile, cordless teamwork with Mobile Stand and APC™ Mobile Battery
- Move collaboration anywhere. Surface Hub 2S is just 28 kg, it's 40% lighter than before

Roam Where You Want To

Steelcase Roam™ mobile stands free teams to collaborate anywhere. The sleek, approachable design and total flexibility empower teamwork to happen wherever ideas strike: anytime, anywhere, anyway.

Innovative mobility

Roam moves easily on smooth rolling casters for easy on-the-go transitions throughout a workspace, from a conference room to private office to casual spaces and beyond.

Approachable design

With a minimal design, Roam integrates seamlessly into any workspace. The stand is a familiar easel-style design, making it stylish and approachable for collaboration anywhere.

Thoughtful integration

Roam was created to perfectly complement Surface Hub 2 for collaboration anywhere. With a storage tray and cord management designed to hold an optional APC™ charge battery for untethered use.

Fluid team collaboration

Everything you need at your fingertips. Interact naturally with Surface Hub 2 Pen and touch. Use Microsoft Whiteboard and leading industry apps to keep teams in their flow. Access and share content easily from one device.

Teamwork anywhere

Empower teams to collaborate whenever and wherever their ideas strike. Surface Hub 2S is thin and lightweight, and enables mobile, cordless, uninterrupted teamwork. Turn any space into a teamwork space.

Bring remote teams together

Be seen, be heard, and actively participate in the group discussion with best-in-class technology. Remote meetings and ad-hoc calls run seamlessly with Microsoft Teams or Skype for Business.

The magic of tiling

Tiling will be a unique feature next year for Surface Hub. The ability to work on four Surface Hubs lined together has undeniable visual effect and will have a profound impact on what groups can accomplish together, allowing users to display multiple pieces of content side-by-side. Imagine how much your team could get done being able to work simultaneously across Microsoft Whiteboard, PowerBI, PowerPoint, and a full view video call.
